

Business Internet Changes

The Telecom Commission voted to transition all business data packages to 100+ Mbps packages. The new Business Internet speeds packages and rates are as follows:

Business 100 Mbps	\$100.00
Business 250 Mbps	\$135.00
Business 500 Mbps	\$165.00
Business 1000 Mbps	\$200.00

On or before March 1st all Business Data Customers have the option to select a new Business Internet speed/rate as shown above. If no action is taken, your account will be automatically moved to the closest new Business Internet speed/rate by the effective date March 1, 2026.

If no action is taken, the automatic account change will be migrated as shown below:

- Business 20 internet goes to Business 100
- Business 70 internet goes to Business 100
- Business 125 internet goes to Business 250
- Business 250 internet goes to new price
- Business 1000 internet goes to new price
